Toll management solutions can provide savings beyond standard discounts

According to John Andrews, president and chief executive officer, Bestpass Inc., "The challenge of managing tolls is often underestimated by trucking companies. With as many as 40 separate toll authorities in North America, motor carriers and other types of transportation operations are incurring costs associated with the hours it takes to manage this business process, and those costs are nearly impossible to pass on in rates."

It is estimated that based on the size of the fleet, three to 15 hours of management time per month is spent on electronic toll related issues! [Read more here...](#)

Verrazano-Narrows Bridge Toll Relief Implemented Commercial Toll Rebates to begin posting in July!

A new Commercial Toll Relief Program has begun for the Verrazano-Narrows Bridge that will discount tolls on commercial vehicles up to 20 percent. The discount, which will come in the form of a rebate, is available to vehicles that make more than 10 trips a month on qualified commercial accounts.

Bestpass customers crossing the bridge will receive a discount, regardless of the number of trips per month! We will be providing a 10% discount on Verrazano-Narrows Bridge toll to accounts that make less than or equal to 10 trips a month, and will be passing through the full 20% discount to accounts that make greater than 10 trips a month.

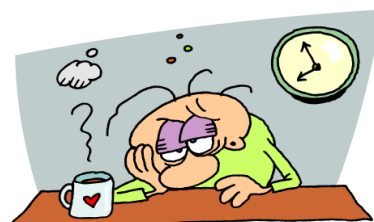

Verrazano-Narrows Bridge

The discount will be issued by month end of the subsequent month that the toll usage posts, as a rebate on the next invoice. The discount took effect with toll usage since April 1st, so the discount for April and May will be applied by the end of June and will appear in the July invoice.

For complete details on all discounts available through Bestpass, see our [Discount and Coverage sheet](#), or contact us at Support@Bestpass.com.
